“

One thing I loved about Zade is he had the ability to make you smile ... well laugh really, and we all know that laughter is good for the soul ... I have many fond memories of many trips to the tree farm with him & Susan to pick out & cut down our Christmas tree ... I am praying for you Susan, and I love you lots, let me know if there is anything I can do, Love, Kathy##imported-begin##Kathy Dunnahoo##imported-end##

“What can I not tell you about Zade Harper? He was a cop's best friend and the best "training officer" I ever rode with in 1973. He cut to the "quick" in every situation and made the right decisions. It was a pleasure to "patrol with him" as you could always depend on his decisions to be the "right ones."

I can honestly say that he taught me so much about policing that others will never learn. His astute eye monitored everything in our path and I will never forget his tutelage about law enforcement. My fondest memories of policing reside in those experiences "riding with Zade."

Even now in retirement, I revere his teachings everyday, and continue to practice what I was taught at an early age of enforcement. Few men ever reach the pinnacle of training that Zade did at DKPD and the department benefited from it all. We all loved him and respected him for his invaluable knowledge and observation skills.

Few policemen ever reach the level that Zade Harper did and he will be missed by us all. Forever thanks to his family and children for sharing him with us.##imported-begin##John D. Shumpert Sr.##imported-end##

“Zade was my first sergeant and truly one of DeKalb's finest. I learned so much from him. May he rest in peace with God and may God bless and keep his wife, Susan, and family##imported-begin##David Harvey##imported-end##

“ I best knew Zade not from working with him at the cop shop, but from the hundreds of hours I spent with him in a small bass boat. He always wore his Armour Vienna Sausage fishing cap. He never failed to speak his mind and it always made us laugh at the evening meal. God bless my friend Zade. I'll miss him.##imported-begin##Pat Brandenburg##imported-end##
