“ *Mom always spoke highly of Eileen and her family every time she had any news. I recall visiting your family in the 1950's at a Valdosta country club. Quite an experience for a kid from Minier. I was too young to really comprehend your dad's responsibilities at the country club but the visit created an awareness that there was a lot more to the world than Minier. Your mother's life expanded my life in more ways than I know. God Bless.##imported-begin##Joe W. Denny##imported-end##*
