“ Love Frieda she was a neighbor and child hood friend,we went to Dacula school,had some classes together,as we got older lost touch for many years. This past year I seen her on Facebook with her granddaughter ,what caught my eye in this picture stand on how much the young woman favored my cousin Marsha gail phillips when she was younger,the the lady besides her was Frieda frazer so this is how I got reconnected with Frieda we texted a few times , talking about our youth,I did ask if she had some time I would have like to take her to lunch to catch up,sad to say it never happened , we all have busy lives. I just want to say she was love by my family and I thought of her often to the point of trying to locate her a few times on face book,so the believe the heavily father give that picture for me to find her and to let her know I was thinki g of her. God Bless your family you had a wonderful mom. Martha phillips Elliott

“ Frieda and I began first grade in Mrs Reeves class at Dacula. Our Mothers spoke on the phone quite a lot because we always came home with each other's sweaters. I knew when she answered the phone oops we did it again. Frieda always had a beautiful smile and a sweet heart. My Dad and her Mother actually dated for a short while several years after they were each widowed. Frieda asked me to friend her on Facebook and we kept up that way. Her birthday is one day after mine. Lots of crossovers in our lives. One say we'll catch up again.
