“ Julian I should have called and I would have called had I know what I know now. I thought of your smile and laughter often through the years and am so thankful we shared a season and that your life seems to have become complete with the blessing of your son and grandson. I know we left nothing unsaid and I hope you knew you were a blessing to my life, you taught me a lot about myself and because of you I grew as a person. Julian you will always hold a special place in my heart. Until we meet again, Rest In Peace.

“ I had the honor to have Julian Archer as my brother in-law. He also gave our family the best “Gift”; my nephew Justin Archer. I’m so glad to have been able to spend time with Julian throughout the years. When I was in town visiting, I enjoyed our conversations because Julian always told you what he thought and I valued his opinion. His voice and laugh is unforgettable. I will cherish all our family get togethers. His friendship is what I will miss most. His love for my nephew, his son was unconditional. He was excited to be a grandfather. I’m glad he had the opportunity to meet baby Silas. On drives to the doctor appointments, medicine pick ups, etc. he always conveyed either to my mother or me his optimistic views and was looking towards the future. He played a very important role in our families lives. I’m grateful for the relationship he had with my mother. He was always helping her in one way or another. That’s how Julian was. It was part of his character. My heart goes out to Ben and the Archer family...Thank you Julian for coming into our lives.

“ I will miss you dearly Julian, especially the talks we would have. You had a way of bringing humor to most any situation, I loved that about you. I thought you were smart and sharp, so much to talk and share about in life. I appreciated that quality in you.
Sharing a son and grandson together was a blessing, I am so grateful for many good memories we shared together.
Praise God for his great mercy and Love for us all. Until we meet again, I will think of you often with joy in my heart for I believe you are with our Lord in perfect peace and Love.
Yours Truly, Catherine

“ One of a kind, Julian's sense of humor and laugh was so special, we have been friends for 30 years and recently my husband and I have helped him through health issues. I really hate that he endured all that he did and seemed to finally be getting better, he had dreams of moving on, I also really hate that he won't see his little grandson grow up. God bless you Julian, I sure loved you my buddy...
