“ We were so blessed to have Margaret in our family. She had a heart as big as the world and was born with wisdom beyond her years. My Aunt Margaret could grow some of the most gorgeous orchids you have ever seen. Her thumb was no doubt the color green. She had the most determined (some may say stubborn in our family, a family trait of sorts) spirit and strength. When Aunt Margaret and Uncle Ross worked together they could really move mountains! Aunt Margaret was a devoted wife, mother, and grandmother and loved her family dearly. Her love ran deeply for her six sisters and extended to all her nieces and nephews. A heart the size of the world she had! I imagine heaven has some of the most beautiful orchids in bloom now.

Love always,  
Patti
