“ My fondest memories of Pa are from back home in Panama. I used live down the hill at my mothers parents house. And whenever they didn't want to give me money to go to quisco. I would run up the hill and ask Pa or Ma for money. Ma said " ask pa" and Pa would always give me a quarter. In those days a quarter bought alot. And as the years passed and I called Pa when he live in New York we would always remenisce about the adventures of me running up the hill, when my other grandparents didn't give me what I wanted. The miles and years between my grandfather and I never made a difference. We had love and memories that always brought us closer together.##imported-begin##Melissa Michelle Springer-Pumphrey##imported-end##

“ Well I didn't know my grandfather all that much but I still loved him a lot. I had memories of watching tv and talking to him but never of any of real outdoor events. But now that he's gone I really appreciate those talks with him. They may have not been long or about anything that I would now about but just for him to be sharing those stories with me really meant a lot. I know I may have not been hurt the most but I've been hurt and always remember my grandfather.##imported-begin##Nicholas A. Springer##imported-end##
