“ Andy made me feel so welcome on my first day. He taught me so much everyday and was such a joy to be around. He and I were the 7:30 crew and I could always count on the aroma of his breakfast making me hungry. I will miss being able to ask him anything in the world and having him tell me the in depth history of whatever I was curious about. I owe him a massive thanks for where I am today, his depth of knowledge about this job helped propel me forward and I use advise that he gave me every day. Andy you are missed.

“ I met Andy for the 1st time in January when he and my cousin Dawn visited California. I know they were very happy together, Andy was a truly nice guy. We enjoyed meeting him and spending the day together. I'm just so sad for Dawn and Andy's family. May Andy be resting in peace and may our Lord impart strength for Dawn during this very difficult time.

“ I worked with Andy at Ed Voyles and we played Words with Friends for years. I finally stopped playing because I just couldn't handle the beatings anymore....haha but we inevitably would end up in the kitchen at the same time when I was having lunch and he was kind enough not to bring up the fact that we don't really play anymore :) This is such a shock and a horrible loss. I pray for his family every day.
