“ Gram gram, you were the best great grandma that I ever had. I don't think I can put into words how sad I am that you're gone. I still hold all your memories dear to my heart. I'm a little sad that you could not make it to my birthday 5 days ago. Now your little Shugie is nine. I have so much to say that I don't think this paper will go far enough so I can write it all. I don't know why God let you go so soon but, those are his answers. I know your back hurt and you wanted to go but did not want to leave your family. You know that tears went down your cheek as you took your last look on earth and faded away. I read your card from your funeral almost every day the message says. God saw she was getting tired and a cure was not to be so he put his arms around her and whispered come with me. With tearful eyes and silence we saw her fade away although we loved her dearly we could not make her stay. A golden heart stopped beating hard working hands laid to rest. God broke our hearts to prove to us, he only takes the best. I have it all memorized by heart your love was the best ever thing that was ever given to me. That is why when we meet in heaven you are the person or should I say angel that I am going to talk to first. Until I see your smiling face either in heaven or on a picture I LOVE you more than you know. Which is all the way till heaven's sky ends. I will come and visit your grave soon. I LOVE you.

“ Kecia and Lecia, I just found out Your mom. I just wanted to send my prayers to you both and the family. She was a wonderful lady, I will never forget that she is the one who told me that my first baby would be a girl and she was right.

*Gram Gram,*

*We were very close, and we still are. You will forever live in my heart. I love you. I remember when we had picnics and when we cuddled. I also remember when you would always come home with a fish sandwich and a milkshake from McDonalds for me. You were the light of my world. I want you to know that I will always visit your grave and talk to you about how much I miss you. In Heaven I hope you're running around and not being miserable in a hospital bed. When I come up there to see you, I will rejoice and we will be able to play together again. And then we can have the best sleepover. I'll hold our memories dear to my heart and until we meet again, I love you so much Gram Gram!*
