PM

“ Mom, you were the strongest person ever! I was blessed to be able to care for you after daddy passed and I wouldn't have had it any other way. There were many of times when I thought I could do better, but I tried my best with what we had and we always managed. My heart hurts but at the same time I am at peace knowing you are with daddy and no longer suffering with the symptoms of parkinson. You had a rough last year and you never complained once, you took things as they came. I will miss you dearly and will always think of you everyday. Love you always and forever Pam
