“ *I got to know Ann over the phone before I moved to Atlanta. I was in  
the Nashville office until it was closed. When I moved to Atlanta she  
was already a friend and I cherish the years we worked together.  
She kept me exercising when I didn't want to. She was a constant  
encouragement that way. When we moved to the office on 285, we  
would walk up the 10 floors together in the morning. Sometimes we  
would stop to breath, or stop to talk about situations at work or with  
friends / co-workers. I always knew those conversations never  
would be repeated - she was that kind of friend. I did not have family  
in GA, so she became family to me. Of all the people I have missed  
since moving to Mass., I miss her far more than the rest. It will be  
hard not being able to call her from time to time, or know if too much  
time goes by, she would call me. I never thought of her as a "work  
friend", she was just a friend and a very good one. I will always feel  
like I was especially blessed by God to have Ann as a friend.! It's a  
gift I will always be grateful for.###imported-begin##Judy

“ I remember the day in 1985 when Hans Colmer and Johnny Castro hired Ann at S&H Medical Systems. She was so pleasant to be around and such a hard worker. Ann never said no when I asked for her assistance. She always took the time to assist me in business matters. Ann tried to fight this disease for quite a while and she never complained about anything. I will miss Ann. May you rest in peace.##imported-begin##Cinderella Hunt##imported-end##

“ I knew Ann from Philips. I started there shortly after her in 1985 at the Cliff Valley Way office. A great and extremely helpful lady, always so pleasant on the phone. She will be missed.

“ I also had the incredible privilege of working with Ann for many years at Philips. She was truly a blessing to all who knew and worked with her ... ALWAYS a kind and uplifting word, always concerned about anyone's needs, and always positive, regardless of her own situation or difficulties. The world was truly blessed with her presence. She will be sorely missed by everyone, especially her Philips family. Rest in peace, my dearest Ann.##imported-begin##Sue Santiago##imported-end##

“ I worked closely with Ann at Philips for 20 years and think a great deal of her as a friend and as a colleague. Ann was dedicated to her family, her friends and her job and had an impeccable work ethic. She was loved and respected by all at Philips who she knew and worked closely with.  
I was so impressed and inspired by the positive attitude she maintained during her long illness. I never heard her complain. I have fond memories of Ann and will remember her often. May God bless her family as they go through this difficult time.##imported-begin##Art Horton##imported-end##
