

Anthea Earls

September 10, 1945 - October 20, 2016

It is with deep regret and a heavy heart, that we would like to announce that Anthea passed away peacefully this past Thursday, October 20, 2016. She was surrounded by loved ones and was not in any pain as she succumb to her very private, 2-year battle with cancer. There is an emphasis on "private"; Anthea's wishes were to keep her illness between immediate family only. She was a remarkably strong woman and never wanted to be viewed as a 'victim' of cancer.

Beloved mother of Ray Jr and Craig and his wife Sharon. Proud grandmother of Siyah, Amun, Cole and Ella. Survived by her sister Georgia and brothers Mikail and Johnathan. Daughter of Viola and late father George Anthony Rogers.

Anthea was born on September 10th, 1945, in Bermuda and was educated at Bermuda High School for Girls. Her career began in radio at the Bermuda Broadcasting Company and continued on to WPLJ Radio, NYC and four networks: NBC and ABC in New York, TBS and CNN in Atlanta. She started out as a Production Assistant/Executive Assistant, and over the years was promoted to Associate Producer, and then Producer and served on the production team of several award-winning, national and international documentaries and CNN news productions. She was also Manager of Newsroom Operations at CNN Headline News--now HLN. Producer, writer,

and post production manager on CNN Earth Matters, and TBS Network Earth programs. She also served on the production team that launched the first 26 episodes of the environmental cartoon, "Captain Planet and the Planetees" which often airs on the Cartoon Network.

Anthea's wishes were for her sons to have a private moment of silence in prayer with her remains after her passing, a memorial in her honor, with her extended family and close friends, in Bermuda.

Most of all Anthea would have wanted for those that remember her to hold her in their hearts and celebrate her life.

The Bermuda memorial date is to be determined.

Donations in memory of Anthea can be made to the American Cancer Society.

“ *I'm so very sorry for your loss... Anthea was a consummate professional and at the same time a loving and caring colleague. I have fond memories of visiting her in her office, which was always beautifully kept and a home-like refuge in the busy buzz of a crazy newsroom. She had nothing but smiles and kindness for all who crossed her path. I agree that she left this earthly place just as she lived, with grace and strength. Her family will be in our prayers.*

“ ...my last memory of Mrs. Earls was this year, March '16. Mommy was celebrating her 76th birthday and I couldn't imagine celebrating without Mrs. Earls being there. It was an honor having her there as she and mommy have shared a wonderful friendship over the years. Our families have shared birthday's, phone calls, home visits and so much more. I will truly miss her, her photography and her kind spirit. I am grateful that God allowed our paths to cross and how she touched our lives. My condolences to you / your family. Love always, Nicole

I was very sad to hear that my Aunt Anthea passed. She has always been apart of my life! There are so many memories too many to mention but she was the one we always went to during our school breaks and I always showed up on her door step when I visited ATL!! To say she will be missed will be an understatement but I know I will always carry her in my heart!

My thoughts are with you all, and I mourn the passing of Anthea. We worked side by side at CNN, and Anthea was a great colleague, respected by all who knew her.
