“ *To Bob and all of the family: Bob, thanks so much for your personal phone call. It broke my heart to hear the sadness and sense of loss in your voice. You and Arlene were wonderful partners for so many years, each of you very fortunate to have the other. She was such a strong person, had to be strong to endure and keep going for so many years. I first knew her as a very efficient administrative assistant who knew how to take care of business, very fair to the students but also loyal to those for whom she worked. Later she became a friend to both Patsy and me, and we had a number of pleasant visits at your home. It always has and always will grieve me that Gwinnett County did not realize what she had gone through and continued to go through for so many years. She certainly set an example of courage and persistence for all of us who knew her. Patsy and I both send our love. Charles Stripling*

*I knew Mr and Mrs Barber for a short while ,and you couldn't ask for a better couple. I have learfnded so much from them .Together we shared many laughter and wonderful memories. Her family were accommodating and kind to all the nurses. One could never tell we were new to the family . The last night I worked with Ms. Barber, she was in a Wonderful mood. She will always be remembered. I'll forever cherish the memories shared with the family.
Mrs. Barber is gone but n't for gotten.

“ *Arlene, was a jewel. I worked with her at Central Gwinnett and she was a beautiful person who took and interest in all the students. She counseled students in the discipline office and always tried to have the students look at what they did and try to learn from their mistakes. It was tragic what happened to her. I pray that God will take her into His loving arms and comfort her. She will be missed. A truly remarkable woman who was spirited and loving. I am so sorry for your loss. May God rest her soul.*
