“ *To Art's family may blessings and hugs find you all and comfort you during this time.*

*I worked with Art at Archer High School and his love for the special needs students was beyond compare. He had a smile that would make them happy and feel loved. He also had good relationships with the regular ed students too. But, the one thing that stood out to me the most was every Red Cross donation day he would go through the plasma donation because it could be given to anyone especially babies, even though it would physically make him sick. He was a loving and caring man and I looked up to him! May he rest in peace as he gave so much happiness to everyone here on earth!
