“ Pam, Ashley’s mother, and I have been friends for 30 years. During that time I watched Ashley grow into this beautiful woman. Her smile lit up the room and her beautiful hair - she had enough for 8 people. She will be missed by many and for those of us who knew her we mourn her death. May she rest in peace. Genie Johndrow

“ Ashley was one of a kind. She had the kindest sweetest soul. If she was your friend, you had a true friend. No matter the situation, she walked into the room with a smile. If you weren’t smiling, she was gonna make you smile. She always knew how to lift your spirits, even if it meant telling you a corny joke. She loved to fish as much as I do. Wasn’t afraid to work on her own car. Words can’t describe the emptiness I feel right now I’m not being able to call her. She was just a beautiful person inside and out. I’m gonna miss her on a daily basis. She will never be forgotten. Fly high sweetheart until we meet again.

“ Sending love and warm thoughts to everyone who knew Ashley. May her legacy of love and laughter continue to inspire us all. She spent a lot of time with The Stark’s home. With Shane, William and my kids Savannah and Justin. And the Mazzawii as well. Rest high my friend!

“ Ashley was a bright light to all who met her. Kind to everyone and always smiling and laughing. I loved being her friend and fondly remember our time as she twirled and I was on drill team.

“ Ashley nicknamed me Brad P. the first time I met her at Loganville High School in the 10th grade. I had just transferred there and only knew 3 other people. She was so welcoming and friendly and we became instantly life long friends. My parents went to high school with her mom Pam Cown. I will always love and miss her. She was a bright light to everyone around her. May you rest comfortably in the arms of Jesus.
