“ I was 8 years old when I became a member of this family. I was nervous about meeting Granmama. She was my first experience with a step family. She accepted me instantly and loved me beyond measure. She taught me to knit and crochet (which I haven't done in years) and I was never as talented at it as she was. She taught me how to love regardless of a blood relation and I have continued to do so during my life by loving and accepting many children who weren't mine biologically and for that, Granmama, you are forever in my heart.
