“ I was so sorry to learn of Joyce's death today. She was a wonderful and caring woman and everyone who knew her loved her. I met her in 1984 when I went to cover her position at Scientific-Atlanta when she was taking a sick leave for some surgery. We became friends and I worked with her until 1999 and found out that she also became a Master Gardener like my late husband and now myself. Please accept my sincere condolences to the entire family. Unfortunately, I will not be able to attend the service on Friday nor the Funeral as I will be leaving for Connecticut early Wednesday morning for a family event. My thoughts and prayers are with all of you.
Sincerely,
Sonia Freidus

Loved this lady! Such a great heart and love for all us kids. She actually allowed me to place my KISS records. Way Cool! My heart is breaking a little thinking about the world without her in it. Lots of love and hugs to the family.
