“ In memory of my dearest niece Angela, I'll always cherish our memories together ❤️ all the times we went window shopping 🛍️ out to eat, meeting up on Saturdays to watch our Bulldawgs play, the get togethers at friends home 🏠 sharing our favorite dishes, the daily phone calls every morning on your way to work, it's definitely all the little things we never forget & all cherish forever. Everyone that knows you knows you had a heart of gold 🧡 always willing to lend a hand, never met a stranger. Angela we did a lotta things together and I truly cherish every single minute we were together ❤️ I remember I was by your bedside 10 years ago when you started this journey with the horrible C experience, yes a journey it has definitely been but through it all you was a fighter, a trooper & held your own. As we all mourn your passing Im personally glad you're not in pain anymore , you're in the hands of our God almighty 🙏 until we're united again I'll always love you ❤️ and cherish every moment we had. Love you forever girl always your aunt Elaine ❤️

“ Angela was the daughter I never had and she always told me I was her mother now since her mother, my sister was no longer here with her. When I lost my husband two and a half ago, and without a word from me, she jumped on a plane from her home in Georgia to my home in Florida to be with me! My husband died very suddenly and without any warnings. I was left alone with no one since he and I had no children. Angela was spending time with her dad when I called her to let her know Michael was gone, she told him she had to go home and pack, she had to go to Florida! She said Aunt Sharon cannot be by herself! I was in total shock when I lost my husband, I wasn't sure if I was coming or going! As all the paperwork started coming in from my husband's benefits, I was at a loss as to what I was supposed to do and how to do things. Angela, without any hesitation picked it all up and ran with it! All I had to do was put my signature on the documents! Angela had a heart of gold! She always put others before herself! This is a total loss for me personally as she was all I had! She gave me so much support with all my grief and grieving! I do not know what I'm going to do without her! She was my everything! As a thank you for helping me, I treated her to her very first and unfortunately, her last cruise! Yes, I'm going to miss my little “partner in crime”, “my ride or die” but the trade off is something I want for her! I had rather not have her around with me if it means freeing her from all the pain and suffering she was going through! RIP my sweet baby girl, I long for the day I will join you, my husband and family in Gods wonderful kingdom! Until then, Auntie loves you and is going to miss you so very much! 💔💔💔
