“ *I have fond memories of your mother, when she was a nurse at Jackson Jr. High. All of the students LOVED her. She was always smiling and she had the ideal personality for a care giver. My Dad also worked at the school and enjoyed working with her. That's how I found out about this site; an email was sent out to former teachers and the email was sent to my address. Sincere condolences to her sons & extended family.##imported-begin##Sue Purcell Strohmeyer##imported-end##*

“ I am so sad to hear about the passing of your sweet mom. She was and always will be a highlight in my life, as you all are. What a blessing to be neighbors with your adventurous family - always up to something, and always up for a visit. When I think of all of you, I remember the way you opened your home, swimming pool, basketball court, and front sidewalk for all the Humberts. I can't remember who it was that convinced me to try riding my bike without training wheels, but it was one of you, in front of your house, and your encouragement made all the difference in how I believed in myself – just one example of your wonderful ways. When I think of your mom, I think of such a pretty lady, who was a nurse through and through. I remember so clearly walking home one day from a play date with another neighbor – a fever had settled in, and my folks were out for the day. Danny called your mom, and she came right over. Gave me Kool-Aid (huge treat!) aspirin, a bath and tucked me right into bed. Checked on me several time until my parents returned, and I felt so well cared for. That was just her way. “Don't worry honey,” she would say as she gave me a wink. With that, I knew all would be ok. That was just how she was, and I will always remember her that way.

I'm sorry I won't be able to see you all as you gather together to remember her, but do know you are in my hearts, this coming week especially. I have a hope our paths will cross in person in the not too distant future, and until then, take care. Gretchen Humbert Guerra##imported-begin##Gretchen Humbert Guerra##imported-end##
