“ I’m going to miss my cousin, Bernice. She was my first role model. It’s sad that we can’t be with her family to give them our love and support through this difficult time. I will be thinking and praying for you. She is now with Jim, Aunt Ethel, and Uncle Bedford.

“ My Saturday morning at 9:00 has changed for ever , Ms Bernice was a client of mine , she would arrive a couple minutes early as I let her in the door I would greet her with good morning Bernice and how are you , every week she replied I’m still gruntin and how are you Terrie . We would go in shampoo and roll her hair and of course gossip just a little! Lol , Bernice was a very strong willed and very loving person , she loved her family very much . She was a great friend and am going to miss her so much ! R.I.P.my sweet friend Bernice

I was so sorry to read about the passing of Miss Bernice. She was a patient in our dental office for well over 50 years!! She always had interesting conversation and shared many stories with me over the years. I will always remember the little lady with the quick step! We will all miss taking care of her sweet smile ! Our condolences go out to her family.
