“ All too often it takes something tragic for people to really communicate with folks that they have shared any of life's past time with. Such is the position in which I find myself today.

I am so sorry to hear of your loss. I heard of it for the first time today through an email sent to some remaining members of Betty Anne's 1966 Graduation Class at Southwest DeKalb High.

Like most people do, I always held special thoughts of Betty Anne as she was my first sweetheart at Wadsworth Elementary, Columbia and finally in high school at good old SWD. How could I forget, she was my date the night of my 16th birthday when I received and drove my first car. I have remembered her often over the years.

From the announcement listing of her remaining family along with many friends I am sure she held precious, I hope she had a wonderfully full life of love and happiness. Surely there were some times of sadness mixed in, but mostly happy memories would be nice.

I am sure that you will all miss her greatly.

I am married (some 43 years now to another SWD grad) and living in Tennessee among our close family. However, I drove by your old home on Gay Drive around New Year's this year while I was in Atlanta visiting family. I had not heard anything of her life, health or location since before I was married in 1968. It felt uncanny as something was simply drawing me there with her on my mind. Now I realize that it must have been God trying to move me to learn of her condition and reach out in some way. Being happily married myself and not knowing of her status or location, I let it drop by reasoning that was the best things to do for all. Not enough faith I expect.

Now that I have learned of the loss of her child and husband during her lifetime and her long battle with cancer, I can only say that she has earned a right to be at peace and without pain. I am sure that our Loving God has indeed welcomed her into that special place

*that she helped expose me to when we went to church at
Greenforest Baptist.*

*God Bless to all of you and especially to Mr. and Mrs. Leach and to
Jeanie, all of whom I have always admired and respected. I want to
belatedly send my thank you to these three for being such an
encouraging part of my life so very long ago. Without any of us
knowing it, Betty Anne and you helped me be a better person I am
sure.*

Best wishes,
