“ My pops... You welcomed me into your family with open arms and an open heart back in 1995 and over the years we grew closer and closer! You were more like a dad to me than my own dad was and that is something I will cherish forever!!! When I lost my way (a couple of times) along our journey, you still loved and accepted me even after I couldn't stand myself!!! Pop you were one in a million and there is no one on this earth that I'm going to miss as badly as I'm going to miss you!! So I'm going to leave you with a "see ya later" because I know I will!! Love ❤️ you forever and ever!!

“ I remember how you always had a smile and love to make jokes. One of my most memorable moments is when I was a kid I would always ask to see your leg. I don't know why I was so mesmerized with it. Every time you would let me see it. I remember you pulling up your pants leg then knocking on it.. Followed by some joke I'm sure.  
Going to miss that infectious smile!!  
RIP Pops!! You will be missed..
