“ *Met Billy at SouthWest Dekalb High School in the mid 60's. Our life's ran in parallel from then on. Hotrods , motorcycles, Jeeps, Airplanes were part of our time together. Our careers also ran in parallel he later became one of our best customers from his time at TomCo and later CarboTech. Over the years I was proud to be his friend . And I always had a friend in Billy.*

He loved his family and friends and will be missed by all. Gone but not forgotten

Gods speed Billy

“ I had the pleasure and honor of knowing and working with Billy for 22 years. He was a great friend that would do anything for you. He was laid back and you think that he did not have a care in this world. We shared several interests such as scuba diving and airplanes. Billy built and flew real ones while I built and flew RC planes. I taught Billy how to scuba dive and he was a natural at it, just like anything that he set his mind at doing. You will be greatly missed by me and everyone that knew you. Rest in peace Billy, your friend Shelby.

“ *Billy,
Sure did enjoy my interactions with you at Carbo-Tech. You were a very patient and resourceful individual when it came to supplying me with products and advice while I was working with BOC Gases & Linde. I hope you are enjoying your new Angel wings in lieu of your plane wings. May God Bless all your family and friends during this difficult time.*

“ *We knew Billy for over 30 years, and he was simply the best of Southern Country Folk kindness and would literally give you the shirt off his back. He was always selflessly there when you needed him with what you needed and where you needed it. Not to mention being the only barefoot pilot I knew.*

It was like flying with a Hobbit. You will be missed by many Billy, but you did your Mission well and inspired many. Endless blessings to Sharon and Dani.
