“ Bobby....Thanks for giving me our two beautiful children "David and Carrie" and for teaching them compassion and right from wrong.

Thanks for the many hours you spent as a Boy Scout Leader with David. You helped him become an Eagle Scout, along with many other boys. And for the many hours you spent with Carrie when she played softball.

I can remember one Christmas in particular when my parents came down to visit. You and my dad, stayed up so late putting the kids toys together. Then of course David and Carrie woke up so early that next morning. You were so tired because of lack of sleep but didn't complain one time.

I remember also when we would go to Grannie Bell's and Ezra's house to help work in their huge garden. Still - no complaints.

Thanks for all the good memories.

Love, Nancy Herren

“ My first night time fishing trip, to this day I love, watching you in boots climbing over the smashed demoition car, the old pinto dad woudnt let me have, keeping the bows on Ezra's head and then the frown when we hit you first with the traditional (w still do today) paper fight after unwrapping Christmas gifts, reminding us to sit at the childrens table, pulling your pants up to show the belt availale if needed, and all that you and Sylvia have done to help so many children have theyre very own place to call home, There are so many memories Bobby, I am so sad that its been so long since we've spent any time together, I miss the family, and will certainly miss you. I learned allot more from you than you would have thought, and enjoyed the woman you brought into our lives so many years ago. Even just looking at your children and what beautiful adults they have become is a reflection from the parents that raised them.

I miss granny so much on so many days, And still have a hard time with Angie being gone, I know you 3 are up there waiting on the rest when our time comes, teach them how to enjoy the wrapping paper after the age of 2, show them that bows double as a hat, make sure all the cars are fine tuned, and make sure you and angie take turns between George Jones on the radio, keep Granny company, and Angie will keep you both organized and busy. All my love please know you'll be missed so much. Your o longer in pain and that brings me some peace, I'm sure dad is there planting something, keep him company too if you dont mind, I still miss him so much, Angie an grannie will referee if he wont do it your way and vice versa.

Until we see you again we love you
