“ As of today, it has been five years. I feel sick to my stomach. Every year on this day I feel like this. I can't make it go away. It's like, I know what is coming... even if what has happened on this day five years ago, has already happened. Can you imagine if I had known, five years ago on this day, what was going to happen? I would have told you. I would have done everything in my power to prevent it from even happening. And if not, I would have saved you. I wouldn't have killed you. Maybe it's the guilt that makes me sick every day this year. I don't know. I hope heaven is amazing. I'm not sure how I've gone five years without you by my side, but I'm doing it... somehow... maybe with your strength inside of me. "I love you more than anything in this world. Love, Your Baby Girl."###imported-begin###Brandi Gregory###imported-end##

“ I'm growing more and more tired of living with every passing day. Maybe soon, if I'm brave enough, I'll take the right steps and will be joining you soon. If I chicken out, just remember that I love you more than anything in the universe, more than anyone could ever love another person. You are my heart and soul and best friend and I'm waiting [im]patiently to be with you.###imported-begin###Brandi Gregory###imported-end##

“ *Happy Halloween! The sun is shining on me so brightly and I feel its warmth... I know it's you, smiling down at me and saying hello. Hi, daddy. Take me with you. I miss you so much. I love you more than you ever knew. You were my whole world, and you still are, even if my world feels so empty and lonely now. I imagine what it'd be like to have you around these days, and my heart breaks even more... when is it my time to come be with you?##imported-begin##Brandi Gregory##imported-end##*

“ Happy Birthday, daddy! You're 52. I bet you feel like a kid again in heaven, though. You deserve it. I made chocolate chocolate chip muffins for breakfast and chocolate peanut butter bars, just for you. I'm trying to be happy, but I just feel like someone ripped out my heart, ground it into the dirt, and left it there. I don't want to be here anymore. I don't. I don't know how I'm still here. "Oooh, you make me live. Whatever this world can give to me, it's you... you're all I see. Aww, you're the best friend that I ever had. Whenever this world is cruel to me, I've got you to help me forgive. Aww, you're the first one when things turn out bad. Oh, you're my best friend." A little more than four years later, I'm still staying strong. I don't know how much longer I can do this for, though. Maybe I was supposed to be taken away from this place last Friday when I almost got into an accident on the bridge. I don't know. All I know is that I'm ready to go... I'm ready to be with you... and I can't wait for that day that I don't wake up here on earth, but I wake up in your loving arms. I miss you so much. No one will ever understand the pain I suffer, the guilt I carry, the sadness that consumes me... and that's just fine, because soon enough it will all be gone. Nobody got me like you, and nobody will ever again. Just hearing your voice in my head and imagining your smile puts me in a better place, and I know I won't be here forever. Have the funnest birthday ever, and know that you are never forgotten, always remembered, and loved more than you ever knew.##imported-begin##Brandi Gregory##imported-end##

“ I don't see how it's fair that I have to be without you. I never imagined I would have to live my life without my daddy in my life. I miss your deep tan, your big twinkling blue eyes, your infectious laugh, and your dimpled smile. I miss being able to slap you five ("High five!" "To the side!" "Down low!" "Too slow!") and then hold on tight to your hand as we both grinned at each other. I will never understand why you were taken away from me or why I had to be the one to find you. I miss you more and more with every passing day, but I also try to see it like this: every passing day brings me closer to the day I can see you again. I hope you're having a blast in heaven. I know that you are. I love you.##imported-begin##Brandi Gregory##imported-end##

“ I loved being able to feel your presence tonight. I was sad but I was moved and I know you were right there beside me. I miss that. I need it. You don't realize how difficult it is for me to get through each day without you. I need you here, yet you're not here nad nowhere to be found... and you never will be. Never again. I love you. So much. Forever.##imported-begin##Brandi Gregory##imported-end##

“ *I can't understand why you're not here anymore. I look around for you, but you're nowhere to be found. I call out to you, and you never come. I miss you so badly that it hurts... it is a physical pain, and I've never experienced such a loss in my life.*

*Daddy, I wish you were here. I've met the most wonderful man. I just know that you would love him as much as me.*

*Please watch over me. I will always be your little girl, and you will always be my number one. Always.##imported-begin##Brandi Gregory##imported-end##*

“ I think it's time for you to come back now. There's this thing called Father's Day. Yeah, it still comes every year, even though you're gone... and it's actually impending. It's sort of like a doom and gloom deal for me. I get you the card and everything, but I have to write in it and toss it in a box afterwards, along with all your others that you should be receiving but aren't. I don't know who I'm more angry with, myself or you.

Nothing is right now. Nothing.

I love you, anyway. With all of my heart.##imported-begin##Brandi Gregory##imported-end##

“ I hate this... I hate this. I hate this and it isn't fair and I know, I know... the Stones say, "You can't always get what you want." Has that ever stopped me from persisting until I did? Nope. Please, come back. I love you. And I really can't do this any more.##imported-begin##Brandi Gregory##imported-end##

“ A Dad's Promise:

*You promised me, daddy*

*You promised your little girl*

*Told me I was your life and your whole wide world*

*You promised me, daddy*

*You promised you'd be around*

*To lift me up when I was feeling down*

*You promised me, daddy*

*You promised you would pay*

*For my growing up and everything along the way*

*You promised me, daddy*

*You promised you'd stay*

*And that you'd walk me down the aisle on my special day*

*You promised me, daddy*

*You made a pinky swear*

*Telling me not to cry because you'd always be there*

*You promised me, daddy*

*You promised you were just fine*

*But you weren't and I didn't get there in time*

*You promised me, daddy*

*I'm all promised out*

*And now these promises, I am without*

*I love you.##imported-begin##Brandi Gregory##imported-end##*
