“ *To Carmen's Family . We have never met but your Mother talked of you all often. You were each her pride and joy. I had the privilege of meeting her while she was working @ Provident Village. She was such a joy to visit and had a special way of making me feel welcomed into her office no matter how busy she was. She would always greet me with a big smile. I often thought of calling her after she left there to arrange for a visit and I am now so sorry that I didn't make the call.*

*I will miss her, but fond memories of her will always bring a smile to me.*

*Please accept my sincere condolences,
