“ I worked briefly with Carmen, but I felt as if I knew her personally and for a long time. She was very caring, always kind, soft spoken, you could tell she had a smile over the phone. She would go the extra mile in a way that's lacking in the service industry today. I never thought for a second she'd be gone, so I was shocked to learn of her passing. It took a while for me to accept that she's gone, and I will miss her dearly. My condolences to her biological family as well as her work family at Genuine Parts Company. In time, this too shall pass. Prayers.....

“ *Carmen or mom as I called her was the most beautiful and passionate soul I've ever known. From day one when I met her, to becoming her daughter in law, and now the mother of her first grandchild I have never met someone who was so grateful and excited to have me be apart of her family. I promise I will do my hardest to take care of Salvatore, Tony, and Shya. I love you mom always and forever.*

“ *I was heartbroken to hear that Carmen had died. We had just been emailing the previous week so I was totally taken back to hear she had died. She was such a kind and helpful person. I know that many in our company turned to Carmen with issues that we often thought that only she could resolve. She was patient and always very knowledgeable. She will be missed. I am very sorry for her close family and friends. My thoughts and prayers are with all of you.*
