“ *Just a note to say how much we appreciate all the cards & phone calls we received for the loss of our mother/grandmother, Carolene.*

During our time of sorrow, it's comforting to know others were there for us. This has meant so much to us.

*God Bless each of you,
Howell, Lois & Grandchildren###imported-begin###The McDougal

“ *Granny Dougal you will be missed. I love you and will see you in heaven some day. I know you are in a much better place and now you are with all of your other family and friends who went before you. This past week since you left us I have been thinking about all the times I spent the night with you and how much fun we had. You taught me how to make biscuits. I also remember that you always had some kind of ice cream bars for Nick and I when we came to see you and if you didn't you would give us money to walk up to the store by your house and get one.*

Dougal we all love you(Kim, Brad, Rhiannon and Ashley) and will miss you. Rest in Peace until we meet again.

I Love You.###imported-begin###Kim Carpenter###imported-end###

“ My Aunt Carolene has been a tremendous part of my life. My mother was her sister. Carolene used to work at Sealtest in the lab. When I was growing up, she would bring dairy products by our house several afternoons a week after getting off work. I just took for granted that Carolene was a permanent fixture and nothing could move her. She was a hard worker and knew the value of a job well done. She also knew how hard it was to make a dollar and was a thrifty spender. She had bold opinions and was not afraid to share them. She was raised on hard farm work, picking cotton and making a living with honest hard work. I will always admire my Aunt Carolene. She lived on her own for many years and never gave up or expected a hand out from anyone. I loved her and admired her for the woman she was, the example she provided and that she loved me and my mother so much. I will miss her and will cherish her memory.##imported-begin##Cindy Brannan##imported-end##
