“ *Crystal was a wonderful soul. One memory I keep coming back to that makes me smile was the one were she would scare me to make fun of me. You see, I hate scary movies and we had recently seen the Ring and there was the Ring girl and that character creeped me out a great deal. Crystal knew this so every so often she would pull her hair over her face and start to scare me mimicking this character and she was successful in creeping me out! And boy did she take great pleasure in doing this and laughing at great lengths to my reactions to her. She will be missed by so many and she was loved by all.*
