“ I worked with Ray here at Amdocs, and appreciated his dedication, hard work and steady demeanor. He knew his job and handled himself like a professional. Another thing we have in common was serving in the Corps. He was still a Marine and proud of his service. To Ray I say Semper Fi ! and I'll guard the streets with him anyway.##imported-begin##Randy Rayfield##imported-end##

“ Ray was my step-dad, and was always there for me when I needed him. He tried to always teach me from right, and wrong. Ray was a very hard worker, and always made sure that our family was taken care of. When Ray met my mother over 20 years ago, he was like a gift from God to us. Ray, and my mother would have been married 20 years this coming October, and he always made sure that she had everything she wanted, and needed. Ray was a very intelligent man, and no matter what he was doing, or where he was at any time anyone could call about work, and he would always do what he could do to take care of whatever problem that came up. I am truly sorry for what has happened, and the way things worked out. I feel the pain for my mom, and I want her to know that I will always be there for her no matter what it is to help her through this hard period in her life. Ending with....Ray you will always be missed and loved very much.##imported-begin##Samantha Gale Cain##imported-end##

“ Although I worked with Ray for most of his career with Cable Data, DSTInnovis and Amdocs I never had the chance to met him in – person. I know a lot about him and his family. Ray was always willing to do what every it took to get the customer back up and running. Ray’s attitude was always upbeat and positive even under a crisis. He will be truly missed as an employee and a friend.##imported-begin##Rod Hurst##imported-end##

“ I have worked with Ray off and on at CableData, DST and now Amdocs for more years than I can remember. He was always true to his word and willing to help the team. He never pulled punches and told it like it was. I liked Ray a lot for these values.

My heart goes out to the Cochran family for their loss and appologize for not being there in person to pay my respects (Sacramento based).

Best Wishes,
