“ *Mrs. Mehring did a fantastic job getting myself and many other young people into music in both a church and secular manner. I just mentioned her name to people in my current church as a great example of inviting young people into greater roles and entrusting them with responsibility.*

She was definitely very important to me on my early journey in life and helped set the stage for my entry into priesthood.

With great love and admiration,

Fr. Michael Erwin

“ Our thoughts and prayers go out to Darlene's family. Darlene was missed when she left Wisconsin and she will be especially missed now. The life of our daughter Kerry was forever changed when Darlene came into it. From a very early age Kerry started piano lessons under the nurturing tutelage of Darlene and then continued with that until she went to college, adding organ and voice lessons also. There were others that helped along the way, but Darlene was the one who first gave Kerry the skills, knowledge and confidence to turn her love of music into what it is today. Because of that, Kerry makes a living doing what she loves and carries on Darlene's legacy by being a college voice professor and sharing her gifts as a church musician and choir director. Thank you, Darlene!

JB

“ Sorry to see this!! Darlene brought "magic" to my daughters fingers!!! Teresia started to play the organ when she was 5 years old because of the patience of this wonderful lady truly a lover of music!!

I still miss hearing her voice in church.....I can remember her and her first husband Bill dancing at parties at church.....she would always have music around her even if she hummed it!!!

It was a blessing that we got to know her and I hope the reward of Heaven awaits her as she has done so much for so many....she is back with Bill and Mike and friends like Ardyce !! Together they can play the music for what Ardyce always said was for the Honor and Glory for God!!!!
