“ Claudia,
We were so sad and shocked to hear about Darren. I remember him from way back when he would come over to our house. He was such a "cute" kid and full of life and "mischief" too. He was always polite to me and never argued about anything I said to him. I also was sad to hear about your husband. I talked to him alot of times when I was walking on the circle before yall moved.

May God Bless!###imported-begin##Sue and chris Moon###imported-end##

“ darren, baby, i love you with all my heart. i fell for you the first day i saw you. just like you told me last week ... "you had me from hello." i know we went through some very hard times but we always found our way back to each other. ALWAYS. i wish you were still here. i dream about you every night and this is so damn hard to accept. im still in shock. i cant do anything right. i cant eat sleep think straight concentrate. when i got the tragic phone call i felt sick my knees gave out i felt like a train hit me and knocked the breath out of me. im so lost without you here. all i do is cry uncontrollably. i cant handle this at all. this is so hard and nobody fully understands how much i truly deeply loved you and wanted to make this last with you. i will forever love you and miss you. my love for you will never fade away. EVER. you were the love of my life and always will be. regardless of what people say. i will never forget you and i'll remember you forever and always. dont you forget that. please watch over me and your family and remember this also ... you are in a much better place now. tell daddy i said hey and i miss him. tell chance andy and zach the same. we will be together again one day. until then baby, 143 AAF.
