There were many times through Debbie's life that she could have called unfair or given up her faith but she held strong knowing her God had a plan. She had an unwavering faith and a strong personality which she has left with all of her family still here and those she came in close contact with in her life. She will long be remembered by her family for generations to come for her faith, strength of conviction, unconditional love, and much more. Job 1:21 "...the LORD gave, and the LORD hath taken away; blessed be the name of the LORD." tells all about dealing with the many cards we are dealt in life, and while it may not seem "fair" at the time there is always a greater plan within the works for us whether we understand it at the time or not.
