“ *I'm so sorry I am this late, but was thinking about Dennis and ran across his obituary. One of the kindest, funniest engineer and friend I had the opportunity to work with. We shared many laughs at Woodstock not only was I grateful for his wealth of knowledge, but his ability to put people at ease bring complicated matters down to normal thinking..... I've thought about him often over the years and hope he's golfing in heaven....Tricia quigley*

“ Dear Mary Ann and family,

I am so heartbroken over the loss of Denny. We first became friend with Denny and Mary Ann when he and Bill worked at Paul Rosser's firm....wow so many years ago. Each time we were together we had so much fun. It isn't often that in life we are blessed to have found and loved our soul mate, but Mary Ann you and Denny were just that. Please know that I'm sending my love and prayers that God will wrap his arms around you and see you through this heartache.

“ Such a shame, haven't seen Denny in many years but we partied until we dropped for 3 summers when we worked our summer jobs for the TOT Water Department painting fire hydrants and making water taps for new homes. Thought we'd chip in and buy a case of Scotch for summer parties, well it lasted 3 weeks.

“ Lord please take Dennis in your loving arms and free him of all his suffering from his illness. We who know Dennis Benz will remember him as a converted Northern fella but he made the turn and became a fine southern gentleman. “ I am a bit in shock over this. My deepest sympathies go out to Mary Ann and Andrew. Dennis was an amazing person. He was a mentor and friend to me throughout my time working at Keck & Wood. He always had a smile and a funny story to tell. I remember how he helped me celebrate my 30th birthday. Hard to believe he is gone. But certainly not forgotten. - Tripp Corbin

“ I am so saddened to hear about this. These men of Keck & Wood were like fathers to me and I am so thankful to have had the privilege of them watching over me all these years. I have such fond memories of Dennis and the gang gathering at company parties when work family meant as much as biological family. Will love you always Dennis and I am betting there was a sweet reunion between he and my mom yesterday.
