Dr. Garmon was our family dentist since we moved here in 2005. I previously worked in a dental office in Virginia for 22 years so it was hard to find a new dentist, however, Dr. Garmon was such a kind, caring dentist that she made it easy to transition. She told me the story of how she became a dentist and I told her about my journey to become a teacher as a second career. Every visit, she would share a story about her children or grandchildren. I enjoyed those stories. I could tell that her staff loved her, and they liked coming to work every day. My family will miss Dr. Garmon more than you will know.

“ I'm so incredibly sorry to hear about the passing of Dr. Garmon. She was my siblings and I's dentist for about 13 years and we loved her and her staff. I recently went to get a long over due check up about three years ago and she remembered all of my life's milestones. It was an honor being her patient.

“ I just learned of Dr Garmon's passing, it makes me so sad! I have known Dr. Garmon since she opened her office on Jimmy Carter Blvd. I worked next door at Family Medicine. Dr. Garmon had a Heart as big as the world. Her soul was filled with kindness and her desire to help others was paramount. I am so lucky to have known such a beautiful, kind spirited and amazing friend. You are the example that we ALL should follow. Rest in peace my dear friend. I love you! Until we meet again! God bless you and your family. May they gain strength to carry on your legacy.

“ I am unsure where to start.....I learned of Dr. Garmon's death a week ago and can't stop thinking about it....She was my family dentist. I had been going to her since the 90's. Due to me moving, I had not been to see her in a few years. But I loved Dr. Garmon. She was always kind and caring. You could tell that she was a people person....One thing I liked about her was that, she was so in love with her family. She always talked to me about Misty.....Seven years ago, my family and I were in a very bad car accident that lead to my Dad passing away. Dr.Garmon surprisingly attended his memorial service. My Mom and I didn't know how she knew about it. But we were so grateful for her support.....She is truly missed. I am happy that my family and I had a chance to know someone as sweet as she was.....One funny memory that I have is when I would go see her for a check up/teeth cleaning I would always admire her long eye lashes. I always wished mine were as long as hers :-).

REST PEACEFULLY, MRS. ANDREA GARMON. THANK YOU FOR BEING YOU AND TAKING CARE OF MY FAMILY AND I.

To her Family:

I will keep you all in my prayers. I pray that God will give you all strength to get through this time. Please know that she is in a better place. She did what she was suppose to do, here on this earth. She will always be with you and you will see her again. God Bless.

“ Dr. Garmon aka, Aunt Bunny, was my dentist for the past 10 years. My friends Brian Blaich and his wife, Angie Mees, Aunt Bunny's niece recommended her. From the very first visit, I was so impressed with the friendliness yet professional staff. Going to the dentist there was unlike any other dentist office I had ever been to. They weigh you, take your temperature, blood pressure, and pulse. When Aunt Bunny would come in she would ask how I was doing and mean it. She always made me feel like family, not just a patient. She was a classy woman who treated everyone with kindness and respect. I will miss her smile very much.

“As others have already said, “What a shock” to hear the devastating news about Andrea’s passing this week!

Our classmate at MCG Dental School, Erin Harkins Silliman, messaged me at the precise moment that in the UK I was cleaning the serving tray that Andrea made for me with a cross stitch design as a wedding present in 1989. It relocated with me to England and my family still uses this precious gift almost every day!

It has reminded me regularly about how amazing Andrea was all those years ago and since. Running the family, helping with homework, having dinner on the table every night, all while training to be a dentist with the utmost professionalism and kindness. She inspired us all and probably even more so as we have grown older and looked back on our four years together.

As already mentioned, her annual Christmas card was the first one to be received every year and her handwritten message updating me on the family and grandchildren was a highlight to begin the Holiday season for me.

Andrea was a top lady and I am so blessed to have know her; I cannot imagine how devastating this is to her loving family.

Thank you for the beautiful video tribute. I am so lucky to still have the serving tray and will think about her fondly, every day!

I first meet Andrea in College at GSU and had no idea our lives would be tied together for so many wonderful years. It was proof of what a small, quaint world we live in when it turned out you worked at Oglethorpe Power with my wife Julie, as we were all going through Dental School together.*

The past 35 years of knowing Andrea has been a true blessing to me. Such a Saint among us.

Norris I am sorry I could not be in attendance at the services today, but I consider it a privilege to be able to contribute to the building fund and will certainly do so. I know Julie wanted to see you and catch up with you.

“ *When I think of Bunny the words that come are quietly remarkable. I admire quiet, I can't achieve it, but I admire it. How she managed all her creative efforts in addition to a full time practice I will never know.*

Hers was always the first Christmas card I received and always hand crafted. By now most of my cousins know I never get cards out, but every year I got one for my family and one for my mother. I never told her how much those cards meant. Bunny was familial glue, always reaching out, always generous with her time and her gifts. I will miss her very very much, and I am just her cousin. For Bunny's immediate family I have no words, just prayers.

My heart goes out to my Mees cousins and their spouses. You have always been extraordinarily supportive and kind and I wish I could be there today, with all of you. I am so very sorry that I cannot, we are driving home from NJ as I write this. I will however be with you in spirit.

“ I first knew Andrea when Norris was at Ga Tech. Lost touch with her for awhile. Met her at a drug store on Jimmy Carter Blvd. about the time she opened her practice. Our family were among her first patients. We continued going to her after she moved to Suwannee. She was an awesome dentist, so caring. We loved her and all her associates. After we moved to Suches, lots of folks would ask us why we went so far to the dentist. It was because Andrea and everyone that worked there were like family to us. To visit her was like attending a family reunion. Many years ago I had a terrible toothache. We were scheduled to go to and Oldies concert. I tried to opt out, but others weren't going if we didn't. I called Andrea at home, got no answer. So I emptied a bottle of Worcestershire sauce and filled it with brandy. Went on to Oldies concert. When I got home, there were multiple calls from Andrea, worried about my toothache. I could go on and on about how she was always on board for both me and my husband. Just incredible. We enjoyed her homemade candy and homemade Christmas card for may years. The few times (I'm ashamed to admit) we reciprocated, i.e. a fruit basket for the staff, we received a handwritten thank you note. Andrea was a true Southern lady in every way and a great Christian. The world is less as of her passing. I know she is in Heaven reuniting with her mother and father, and for that I am grateful. We are praying for Norris, Suzanne, Bill, Misty and their families.

Dr. Garmon has been my dentist since I was in elementary school and now as an adult I took my kids and wife to her. Dr. Garmon was one of the nicest people I have ever encountered in my life. Any room she walked into instantly felt like home. Dr. Garmon was an angel that god allowed to walk the earth just long enough to show us that true good does exist in this world! I will never forget how she needle pointed a pillow for my daughter before her teeth were extracted and how she always had special glasses for my son when his eyes were so sensitive. Andrea “Bunny” truly was an extraordinary friend. She was my neighbor for many years. We did crafts, made candies and had some of the best children’s Christmas Parties ever. She taught me chair side dental assisting when she first opened her practice. It was truly an honor and privilege to have shared so many many things with her. GOD just needed that Special Angel home and I thank HIM for allowing her in my life. Wonderful memories. Prayers for the family at this very difficult time.

Tooth pillows, I remember her making these. I have serious doubt any other dentist ever hand made pillows for a child's tooth.

The loss of Andrea will be felt by so many who loved her. My family and I have been her patients for nearly 20 years and we felt like more than patients, but friends. She was always so kind and caring. I will remember her love and knack for crafting and her love and dedication to her family. We are just heart sick. Our thoughts and prayers will be with the whole family.

“ *We had one of many written book reports during our sophomore year. Mine sounded ok but it looked just plain boring in its yellow binder. Bunny as we knew her then sat in front of me. I asked if she could draw something on the cover for me. She used her considerable artistic talent to turn boring into brilliant and to help me earn an A . That's what she was like even as a teenager: Willing to put in the effort to make our lives better, happier, more fulfilling. Andrea was a special friend and I'll miss her until I see her again. RIP, my friend.*

“ I have way too many memories to try to write them all. I adored this lady. Andrea had a way of making everyone feel loved. She could do anything and do it amazingly well! Cooking, sewing, candy making, anything she touched was perfect. She has an amazing legacy behind her. I am so incredibly heartbroken by this tragedy.
