*Dear Raju ,Faith and all our relatives and friends,
Our Betsy is no more with us.
But we know that " absent from the body is present with the Lord" .Her death is " precious in the sight of the Lord" we will meet her again on that beautiful shore. May the Lord comfort all of us. Still I remember how she was narrating her own written novels and stories. She was a very good artist.faithful believer and follower of Jesus Christ.Due to Covid 19,we are unable to come and join the funeral services. But our prayers and thoughts are with you. Remember you in prayers and especially the funeral Services. May His name be glorified.Daniel 12:13.. Abraham Varghese, Edmonton,Canada(Jollychayan & Families)

“ Betsy was such a remarkable person, so full of love. Even though
she was younger than me, I felt as if she was my second mother.
She saved my life last year when I had a stroke. She made me go
to the hospital and stayed the day with me. I do not know how I will
live without her. Betsy go in peace. You will never be forgotten. I
can never forget you.

“ *Betsy lived for the Lord and died for the Lord. And Betsy belonged to the Lord. Like it is said in Romans 14:8
"If we live, we live for the Lord, if we die, we die for the Lord, So whether we live or die we belong to the Lord".*

We will be missing you Betsy

“ I was Betsy’s High School classmate at Syrian Christian Seminary (SCS) High School. I came to know of her untimely passing with deep sadness and total shock. We were in the same group of 40 plus students who had been together from grade 6 to grade 10, and the bond we developed in those early school years was strong, precious, and timeless even when we were not in contact for a long periods of time.

As we celebrate her life today, I cannot help but traverse memory lane and wistfully recollect our high school days. She was a remarkable girl even in her younger years- brilliant but humble, beautiful but unassuming, calm but determined. The pain and loss I feel at this moment is irreparable; but cherished memories will be etched in my heart forever. My thoughts and prayers are with all the bereaving family members.

“ *I was shocked to find out that Ann passed away last Saturday. I first met Ann as a graduate student when I joined the University of South Alabama's department of biochemistry. She was always positive and calm. Over the years we were in touch, particularly when she was looking for some of our graduates to fill job openings at the FDA. Although she may be physically gone, here smile will remain with us. JFT*

“ *Ann was a wonderful lady. She was very thoughtful. She would bring back gifts when she went on trips. She would bring food into the lab for everyone. She was always there for anyone to give helpful advice or understanding or compassion. She always seemed to be putting others to the forefront. She mentored many young scientists and was always ready to help wherever there was a need. I worked with her for many years and she was always a friend to me. She was truly a wonderful lady. Ann will be deeply missed.*

“ I have never thought that Betsy left us in this way, so soon. A few weeks ago, I called and chatted with her after our Office Director meeting to see how she and her family are doing during Covid19. As always, the phone call was a sweet moment for us talking our research and family life. Betsy is an outstanding scientist who is also very humble. Betsy and Alex are the couple, who bears God's love and Christian light upon people around them. We are so fortunate to know the family. My words can't describe how sad and upset I am that we can't hug and laugh with her until one day to meet her again in heaven. Carol
