“ *Dear sweet Anne,
I send you my love. Visits with you always made me smile. I felt lonely for you and wished you had more family close by. I enjoyed your stories about your childhood and your time in the marines. I wish I could have spent more time with you than I did. I am glad to know that you felt safe and cared for in the last few months. Your daughter was taking such good care of you.
I will miss you more than you could ever possibly know. I will always remember you. To me, you were precious ...
Much, much love and I know you are telling your many stories to the angels now...
You will be with me forever and always,
