“ *Mike & Richard, I love you both and will always remember the days, long ago, when yall would come to visit and yall loved to ride those ponies. Since Daddy and Bill were army buddies, it made us more than regular friends. I had every intention of coming to the visitation after Momma called and told me, but I woke up in the middle of the night and realized I forgot to go. How on earth could I do that???? I am so sorry I missed seeing yall and I will surely miss your Mother's sweet face. She helped Momma so much!!!! Wonder if I ever told her HOW much we all appreciated that??*

*well Peace and Love to you both and to your families -

“ Ms. Tucker was a great encourager to my daughter and I when we lived at Orchard Park condos in Stone Mountain in the late 80s. She helped us through difficult times and we had somewhat kept up with her in Snellville as she was always close by. What an incredible woman she was. Praise the Lord that she is in a better place but we will all miss her sweet smile and friendship. Prayers are with her family.##imported-begin##Diane Denniston (Diane & Tiffany Strosnider)##imported-end##

“ Richard and Peggy,

I don't guess it surprises you to know how fond everyone was of your Mother. She was a delight everytime I every was with her. She used to go to "Miss Georgia" with Nancy Williams when I went and I had so much fun being around her.

She was so proud of her children and grandchildren, and even though we are never ready to say good bye she had a wonderful life and was an inspiration to so many.

Love you all,

John and Barbara##imported-begin##Barbara Nash##imported-end##

“ Mike and Richard-
So sorry to hear of Ellen's passing. She was a lovely and classy lady. I have many fond memories of Mama & Daddy playing Canasta with your folks on weekends while I played or watched tv. She was one of the many good people that watched over each other's children growing up in Clarkton. God be with you and your families as you say your goodbyes.###imported-begin##Beverly Bowman Garner & Richie Garner##imported-end##
