“ *Garnett was a good friend of mine in the early 1970s. We were stationed at U.S. Naval Air Station Moffett Field. We had a core group of 8 guys (Garnett, Bob, Dan, Joe, Augie, John, Steve, Jim) that explored the coast and mountains, surfed, hiked and generally had a good time. I was the only one of the group with an apartment. It quickly became the hang out for the guys. I baked Garnett his 21st birthday cake and had a big party at my place. I hope the photo I tried to upload actually did so.*

“ Deepest condolences to the family and Lance's Auto franchise in the loss of this wonderful man. He always helped out my grandparents-Calvin & Ruth Ramey-and there wasn't a year that came that he forgot about them at Christmas. He went above and beyond to help those in need and will always be honored and remembered by my family for it. Rest in Peace Garnett and may the heavens rejoice with the addition of such a great man!

“ I know you were not my blood uncle. But I always called you Uncle Garrett and you or my daddy ever corrected me. I guess that was because you were family to the Phillips’s not just family by marriage. I always thought of you as my uncle and you always will be my uncle. You were one of the best. And was always there for my daddy. And you will never know how much that meant to me. You were one of a kind. And when I told Clay of your passing he said now Papa has his riding buddy with him in Heaven now. And that is so true. I know you and daddy are riding those golden streets together. And you better not tell him to hit any buzzards up there because you know he will. RIP uncle Garrett. And to Michael, Aunt Sally and the rest of the family I am so for your loss. May God be with you. And know that Garrett and Ronnie are riding those streets of gold together now.

“ I don't remember how long ago I met Garnett, but it was at the yard. I used to go there quite often for parts. I know it was after cell phones because I was sitting there and did not know where he came from but some older gentleman came over and sat down started talking to me. Asked me what I needed ? I thought getting parts what else but told him. We started talking about old cars and my Dad, then one of the guys came up with my parts. He continued talking then when I stood up and asked about how much. He said make sure treat her right. I looked at him and felt so foolish. That is when he mentioned he was owner. Pretty much would come out and talk whenever I saw him. Always really nice guy.. He got a kick out of me telling him my then husband, now ex-husband always wanted me to go to Lance not Givens. That's when learned the competition was his sister! Prayers go out to all his friends and family.
