“ *Da, you were my childhood hero and everything to me, sadly your family didn't have the decency to contact your first family your daughter or son let alone your grandchildren. George was married to his first wife for over 20 years and had a beautiful daughter who had 3 beautiful daughter, me Katherine being the eldest at 30 now. we love you and I wish you could've met your great grandchildren. “ I will always remember George as a true friend. He worked on my team at Verizon for many years. He was instrumental in managing massive recovery efforts at "Ground Zero" immediately after 9-11-2001, where George & I worked side by side with many others for two years. During that time George & I bonded and developed a mutual respect for each other. One which lasted many years after he retired. I always looked forward to speaking with George over the phone the last few years; despite his health challenges, he had a way to make me feel good about myself and he always found the good in everything we spoke about. He was a proud man and always spoke fondly of his wife Marilyn, his community groups and all the things he did to keep busy. Rest in peace my friend - you will be missed! ~ Dominic Veltri

“ I met Mr. George as I made deliveries to his home for UPS. Through brief conversations over the years, I'd like to think our relationship became more than customer and delivery person. For me George and Ms. Marilyn became friends! It came to the point of me taking break time at their home as we shared our love for the lord and our families. To the family, I will continue to pray for your strength as you go through this time of bereavement.
