“ Although Professor Richmann wasn't able to come to class often because of his illness.. I just really want to say that I appreciate what he has done for me as a student. He did his best to always be there and try to teach no matter what was going on in his life. He was a great Professor, Cool DJ and even a good friend to talk to. Although we didn't communicate as much as i wanted too, i knew he was a Chelsea fan for soccer and that he played when he was younger. My regards and condolences to the family and his fiancé. Best wishes to you guys happy belated birthday Professor and stay strong to his family and friends.... He will be dearly missed..##imported-begin##Steve Bravo##imported-end##

“ Grant and I met 12 years ago while we were at Georgia Southern University. We were instant friends. Some of my favorite memories Grant and I are as follows: The first time I gave him a ride home from Statesboro to Lawrenceville mind you this was before GPS and we got a little lost, debating the different views in the Ender's game series of books by Orson Scott Card, Grant trying to get me over my fear of snakes, and playing with my dog Daphne. I will miss Grant dearly we helped each other through some tough times and good times in life. Grant was such an amazing friend.##imported-begin##Adam Erickson##imported-end##
