“ I have known Hank for the last 15 years. We worked for GPM hydraulic consulting together for 7 to 8 years and I knew Hank back when he worked for ACS hydraulics. Hank really knew his stuff when it comes to Servo valves and was what you called a servo valve guru. He was sharp, and he knew these valves in and out better than anybody else did. You could always count on Hank to help you with any problem you had. Hank also became not only a coworker, but a good friend over the years. I sure am going to miss Hank and I think the world is going to miss Hank. God bless you, Hank you rest in peace and I'll see you soon one day and we can talk about hydraulics again.

“ Hank was our neighbor, and we were so blessed to have him in our lives. He was always there to help with whatever it was that we needed help with. He was a wonderful, faith filled man and he loved the Lord and he was not ashamed of the Gospel of Jesus Christ and he made it known. We will miss him so much. I will miss seeing him out there cutting his grass and still always taking time to stop the mower and talk if I came out and his little dog Sophie loved to run over to our house to visit with Hank right behind her to take her home. Such wonderful memories. Hank will always be a part of our heart..

“ Hank and Shari, Shelby and Tyler will always have a special place in our hearts. Our friendship journey began at South Gwinnett Baptist Church when it was a mission work. Hank was a very important part of the music ministry there. He always had a smile on his face, and his laugh was infectious. He was always positive and encouraging. What a privilege to call him friend. Shari, Tyler, and Shelby, we love you!
