“ *My prayers are with the family of our dear friend and neighbor. Each time we met, she left an everlasting memory for me. I am sorry I did not visit more often once she became disabled, but each time I passed by I thought of her and said a little prayer for her and the family. We waved when she was able to drive and when she was able to get out of the house with her driver, coming out of the driveways. I lift the family up in prayer that God will give you the needed strength during this time and days to come.*
