“ *DEAR Trudie, Monica and Mark.*

The memories and the German traditions I carry on from the wonderful time I shared with the Hack Family, who always made me feel a part of the pack. Sometimes the good times come to an end, but relationships come around full circle and we are able to share life again with some chosen few. Mutti is now with Papa sharing the open face sandwich's I still have for breakfast each day.

I thank GOD for giving me such a special gift of your unending friendship.

“ My found, loving memories go back to Raden and Rostock during the war. All these years, Tante Hella was the kindest, funniest person. She always made me feel loved and cared for. Sweet Tante Hella, we will always hold you dear in our hearts.

“ Trudy, I'd like to extend my deepest condolences. I hope that you'll find comfort in knowing that your mom knew how much you loved and cared about her. You were a great daughter and did your best to take care of both of your parents, and now they are smiling down at you together.##imported-begin##ellen##imported-end##

“ Your mom was one of the sweetest, most fun-loving people that I have ever met! I regret not being able to spend more time with her but I remember the times I was with her fondly. I am so sorry for your loss but she is in a better place now and free from pain. She will always hold a special place in our hearts. “ Oma was one of the most loveable and generous people we have ever known, great-grandparent or not. We were never able to see her very often, or visit for as long as we would have liked, but from the second we walked in the door she'd grab us into a hug and let us run the house. Between running around the place with all the dogs, playing board games with us for hours, and all the sweets she'd feed us, our parents had to practically pull us out the door. She always made us feel welcome and extremely loved in her home. We love you, and will miss all the ways you used to spoil us.##imported-begin##Jacqueline, Ashley, and Ian Hack##imported-end##

“ Oma was the coolest grandmother anybody could have. Many fond memories of visiting Conkling Park, Woolworth's, Tehans, Piseco Lake and many more fun times. Trick or treating with Oma dressed as a hobo with pipe or her climbing trees with us at age...well older than 50! LOL Watching Wild Kingdom and Disney while lying under the living room coffee table. Stealing sweets from her pantry or running through the sprinkler while her and Opa tended to their backyard garden. Even mad she never was really mad and always laughed it off like the time Shane stole some ham or pizza off the table. No one was more of a pressure cooker master than she and we always got some really cool Christmas and Birthday toys. Love you Oma, have fun with Opa.##imported-begin##Ing##imported-end##
