“ *James was my friend. All the time I worked with the Petting Zoo at the fairgrounds, James was there to help me in anyway he could. I could always depend on him for advise and assistance with the hard work. James helped to build my barn at my house and several home repairs around the farm. James has a place in heaven as a good man. May God wrap his arms around each of you during this time. He will be missed and I will always remember his kindness to all.*

“ James is and always will be remembered for always being there for others. My family and I will never forget all that he and his son Allen did to help repair our home. When we were short handed at work he would come in with his team and help us get everything done. Over the years we felt like he was part of our work family. God thank you for giving us time with him and I believe he did a lot through out his life to make this world better. We love you James!
