“ Hello Joyce, it's Stan Blalock. I used to work with Jim at EPPS air service back in 1984. I only lasted 6 weeks and then went to a civil service job in Montgomery AL. I then got hired at Delta about a week after Ronnie did. We were both very glad when jim got hired at Delta. Then somehow we all wound up in the equipment room and built mockups together. Those were the best years of my career. We had so much fun and Jim taught me alot. He will always have a place in my heart. I have always admired his dedication and commitment to you, the girls, and God. We had many talks on the subject as a matter of fact. I am sadden by his death, but take great comfort in knowing he is very happy in Heaven. He will is definately on my list of people to look up when I get there. I came to the celebration on Saturday but missed giving you a hug. Take care and don't hesitate to ask for anything you or the girls need. Stan##imported-begin##Stan Blalock##imported-end##

“ It will be the little things that you will remember, the quiet moments, the smiles, the laughter. It will be these precious memories, the peace and comfort of God's love, the love of family and friends that will help to push away the pain and bring your smiles back again.

You're in our thoughts. Please know how much you are loved and how deeply your loss is felt by all.

With Heartfelt Sympathy now and the days ahead,

Love you,
