“ *My dad was a hard-working man. It's been 10 years since he's been gone! And I still hear his voice in my head every day like I just spoke with him! My dad and I got extremely close the last five years of his life before the cancer took him away from me! I thank God every day of my life for those last five years that he blessed us to have the relationship we had before he died. I love my dad with all of my heart and I'm missing every day I wish he was still here. Rest in peace Papa.*
