“ *Janet,*  
*I am sure that no words could even begin to ease the pain of your loss to your family. Janet you were the rock to your family. You meant so much to so many. I hope that your family will become stronger and more united. The thing I like the best about you was your pleasant personality. So cheerful and non judgmental demeanor to others. I have thought about you often, when I hear the sad news. My thoughts and prayers are with your family.*

“ To Jan's family: I will miss Jan very very much. I have wonderful memories of us as children and in high school on drill team. I think of her often and every time I hear Carole King's Tapestry album I remember when we taught ourselves all the words and practised singing like we were stars. We had thousands of sleep overs and shared all the good boy gossip! I will always count her as my best friend growing up. Later, as we had families of our own, she was always so proud of her daughters and now grandkids. I will miss her everyday and remember how much I love her. I hope to be there tonight and I am trying to leave work early to see everyone and remember my friend. Please give my love to Ms. Fraker, Lori and Michael too.  
Love always
