“ *I cannot express the joy I have that you are with the Lord, however I miss you woo much. I have picked up the phone so many times to call you and am reminded you are gone. My days seem so long and dreary. You mean so much to me. My children will miss you so much too. You have always been at every event and outing. Not a day has passed that my eyes haven't been filled with tears. I just want to hear you say, I love you, one more time. You are def missed. Today has been a week since we saw your face last and it seems like a year. Very sad today!###imported-begin###Brandi Bee###imported-end###*

“ *Janice and I have been friends for a long time. I loved working with her at BellSouth. She was such a positive inspiration to all who worked with her because she always gave 150%. I remember when we had catalogs to order prizes from. As Valencia said, Janice ordered all she could. Her sales were always the best! She had so many burdens to carry but always had time for her friends. She truly had a heart of gold. Janice, I love you and will see you again one day.##imported-begin##Carol Keinard##imported-end##*

“ *My dearest friend has gone to be with her Lord. Her life was not always easy but her smile and heart was as big as the ocean she loved. I will miss her dearly and am so thankful for the times, good and bad, we had. I will always think of you Janice with nothing but smiles and gladness. Rest in Peace my dear friend. I will see you again some day. I love you. Donna##imported-begin##Donna McPherson##imported-end##*

“ *To Janice's Family,
I wanted you to know that I've known Janice since 1974 when we were operators together with Southern Bell in Norcross. She had the biggest heart, always joking and smiling even in the face of adversity and I greatly admired her for that trait. Even though we weren't in constant touch, we could always count on each other's friendship. Now she is at peace finally with our Lord. I pray for you to be strong and well. I love you Janice!##imported-begin##Elaine Manross##imported-end##*
