“ I remember when I was younger and nanny maxine and papa Harrell took me to see her and uncle Tony I had such a great time I will never forget sitting in her lap and her telling me story's bout how her and uncle Tony met and when they got married and how she always wanted a lil girl but got all boys but she loved them just the same and wouldn't give nothing in the world for them she truly loved my uncle Tony she said everytime he looked at her how she would still get butterflies in her stomach and how she felt like a young woman that had just been kissed for the very first time everytime uncle Tony would kiss her I told her that that was the kind of love I was going to grow up and have one day then she brushed my hair and I fall asleep in her lap as she told me storys I love her so much I'm really going to miss her
