“ GRANNY,

I have the most fond memories growing up in the garden with you by my side. Hands in the dirt cutting flowers, getting in trouble for picking figs or apples to soon. Getting in trouble for driving the go-cart to fast lol. Waking up and coming across the street to wait on the buss and you would have a cup of coffee and a cheddar biscuit ready for me. The days I "didn't feel good" and you or Papa would come get me out of school and we would watch tv and take naps all day. Sitting by the stove in that chair with hot grease popping on me as you cooked lol. Your peanut butter cake or Christmas mornings meeting up for breakfast. I talk about you a lot when people ask where I got inspiration to do the florist. I know you and Grandma plaid such a significant part in my life. The long trips to Rio Vista to get catfish and you would hold my hands telling me how warm they were and then I would fall asleep in the back of the car squished between you and Grandmother. I know you loved me and I know you knew, I loved you. I sit here typing this knowing your in a better place with Papa. I just wanted to thank you for being a loving Granny an know that you will be deeply missed.

You will always be known as "The Flower Lady" to so many, But you will always be my Granny.

Love you, Brandon
